INSTRUCTIONS FOR CONNECTING TO THE WEBINAR WITH ADOBE CONNECT

The Continuing Medical Education & Professional Development Office utilizes Adobe Connect for online webcasts and webinars. In order to watch a live webinar you will need:

- A computer connected to the internet
- Adobe Flash installed on your computer
- Speakers/Headset

You will be prompted to download the Adobe Connect Add-in to watch the webinar through a web browser. Please download the plug-in. We recommend using the Google Chrome web browser when connecting to the webinar. Please test your device before the webinar using the Adobe Connect Diagnostic Test.

Instructions

1. Testing your connection with Adobe Connect Diagnostic Test

After successfully connecting to the webinar room you will be able to view a screen similar to the one below:

Main Presentation

Handouts: Click the handout(s) you wish to download and select "Download File".

**Welcome To
Evening Course 2017-2018**

The intent of the program is for learners to:
• review the diagnosis and management of problems commonly seen in family medicine
• employ new services and clinical resources
• exchange information and develop informal communities of practice of family physicians and nurse practitioners

Office of Continuing Medical Education and Professional Development

Chat Box: Type in your questions or make comments. The chat box is visible to all online participants and the speakers.

Adobe Connect Diagnostic Test

You may access a test site here: https://admin.acrobat.com/common/help/en/support/meeting_test.htm
